PHONES :

Headquarters, Cowbridge Road, CARDIFF - - 597  
Town Shop, High Street Arcade, CARDIFF 1597  
St. Lythan's Nursery—Phone not yet installed.

*Wales*

Our New Nursery is situated  $1\frac{1}{2}$  miles beyond the western boundary of Cardiff City.

The most direct road to it runs from the Culverhouse Roundabout, which is the junction of the Cowbridge and Barry roads.

From this point one should proceed for about 400 yards along the Barry road, and then turn right and carry on over the hill, past Greenwood's quarry and Twyn-y-rodyn.

The nursery is half a mile further along this road (which goes on to Duffryn Village) just by St. Lythan's Church on the left side of the road.

Most of the items listed in this catalogue are raised at this nursery, and we cordially invite inspection of our splendid stocks of Fruit Trees, Roses, Ornamental Trees and Shrubs, Conifers and Hedging plants, Dahlias, etc.

We have reason to believe that our stock of Fruit Trees growing at this nursery is the largest in Wales. All of our Apple Trees are "Worked" on East Malling Stocks—numbers 1, 2, 9, 13 and 16.

Our very fine collection of Black Currants, including the most recent varieties, is inspected annually by Government Experts, and is certified true to name and disease free.

Ample parking space is provided for visitors, who may visit the nursery on any week day from early morning until 5 p.m. Saturdays up to 12 noon.

Our nursery is closed on Sundays.

Clients who are unable to visit our St. Lythan's Nursery, may place their orders as usual, at any of our other branches :—The Nurseries, Cowbridge Road, High Street Arcade Shop, Cardiff Market, or by post.

## **CONDITIONS.**

We believe that all varieties of trees, shrubs and seed as listed in this catalogue to be true to name and description, but owing to the practical impossibility in many cases of being certain of this, we give no undertaking that such trees, shrubs and seed will correspond with the description under which they are sold, and we make all sales subject to this condition. We further give no warranty, express or implied, as to their growth, description quality or productiveness, and will not be in any way responsible for the crop.

Owing to the continued shortage of packing material, especially boxes, we are obliged to charge these at cost price, but will pay carriage on orders over £5.

Cash or Banker's references is required from unknown correspondents.
